♦ For ADA/TAS facility assessments, ADA transition plans, or other site survey related services please contact ARC directly for a quote.			

Please include the following to Access Review & Compliance Services:

1. AB Project Registration form - please include one copy of the Project Registration Confirmation page if registered online.
2. Submit within twenty (20) days of issue one complete set of construction documents along with proof of submission form (for licensed design professionals only).
3. Payment in full for requested services. Please make checks payable to: Access Review & Compliance Services.

Construction Phase Inspections: Although "Construction Phase Inspections" are not required they are highly recommended. Periodic construction phase inspections have proven to be very helpful in the identification and correction process of potential violations in the early stages before construction is complete and the final inspection is performed.

ARC Services is committed to unlimited support for all project related concerns, issues and questions Tim Mullins RAS 167 will take your call personally and answer any questions you may have throughout the cycle of the project.

Responsibility for compliance with Texas Government Code Chapter 469 is placed upon the design professional with overall responsibility for a project, and/or the owner of a facility. Plan reviews shall not be construed as acceptance of responsibility for such compliance by Access Review and Compliance Services or any of its accessibility specialists or employees. Access Review and Compliance Services financial liability is limited to fees paid for Plan Reviews and Inspections. All fees are non-refundable. Reports cannot be released until all fees are paid in full.

I hereby Authorize Access Review and Compliance Services to perform requested services for the referenced project.
